# User Accounts

## Deleting team members

1. Back on the primary account holders account main page under My Team, you will now see the new team member under active members.

The screenshot displays the 'My Team' management interface. On the left is a dark sidebar with navigation links: MAIN (Dashboard), ASSIST (Downloads, Unit Subscriptions, Online Support), MY WORKSHOP (My Team, Workshop Profile), and SHOP (Subscriptions). The 'My Team' section is active. The main content area is titled 'My Team' and features a 'NEW TEAM MEMBER' form with fields for First Name, Last Name, Email, and Position, and an 'ADD' button. Below the form is the 'Active Members' section, which contains two member cards. The first card is for 'Autologic Test Team' with an 'Edit your details' button. The second card is for 'New User Course' (Master Technician), showing contact information and a 'Suspend' button. A green arrow points from the 'Suspend' button to the 'New User Course' card, and another green arrow points from the top right of the page towards the 'Suspend' button.

2. Click on the suspend tab under the active member.
